^{GF} These items are prepared gluten-free to the best of our knowledge based on supplier information and recipe procedures. Normal kitchen operations involve shared cooking and preparation areas that may contain traces of gluten.

^{GF} The Illinois department of public health advises that eating raw or under-cooked meat, poultry, eggs or seafood poses a health risk to everyone, but especially to the elderly, young children under the age of 4, pregnant women and other highly susceptible individuals with compromised immune systems. Thorough cooking of such animal foods reduces the risk of illness.
